DETERRENCE LIGHTS

Our X-series cameras come equipped with red and blue deterrence lights activated when AI detection is triggered.

VOICE PROMPT

When it comes to deterring intruders, nothing sends a clearer message than a blaring siren. Our advanced system seamlessly integrates with your security setup. Activate the siren or a pre-recorded message with an AI detection or through our APP or VMS

TWO-WAY COMMUNICATION

With the SmartGuardian app, use the embedded or external microphone & speaker. Whether it's a friendly visitor or an unexpected guest, you can communicate in real-time from anywhere via your smartphone.

P2P CLOUD CONNECTION

Discover the ultimate in user-friendly security with our new cameras featuring P2P cloud connection. Scan your QR code & Instantly connect without any port forwarding through a web port. No more complex configurations – simply scan and connect.

UP TO 256GB SD CARD STORAGE

Use the on-board storage to record up to 3 months with your 256GB SD card. Keep your property safeguarded with ample space for extensive footage storage, ensuring you never miss a moment. Explore peace of mind, all within your reach.

AI FEATURES

Take advantage of our AI features to reduce false detections up to 92% and alert you to potential threats using state-of-the-art features like precise facial recognition, human and vehicle detection, and a range of other advanced capabilities.

INSTANT NOTIFICATIONS

Get notified for alarms such as AI detection, motion detection, I/O activation, or system failure. Your peace of mind is our priority, which is why we offer fully customizable alerts, ensuring you remain in control even when you're miles away from your property.

SEE IN COLOUR AT NIGHT

TotalView will bring you full colour images up to 35m. With Total View, darkness won't hide a thing, and you'll have unparalleled peace of mind, knowing your property is protected around the clock.
